

POWER PRO N

A soil nutrient enhancer and natural nitrogen stabilizer. By improving nitrogen efficiency it reduces the amount of nitrogen required.

CROP TYPES: Primarily corn and milo.

APPLICATION

Must be soil applied. Not intended for foliar applications. Do not mix with any type of nitrogen stabilizers and do not mix with any sulfur or phosphorous containing products. **Mix 6 - 8 gallons per acre** with non-Sulphur UAN solutions to apply at planting off to the side of the row or sidedress at or near V6. For best results, use in conjunction with **CORNERSTONE** product.

CONTAINS

High energy plant and soil bio stimulant, a natural bio catalyst containing ocean minerals, vitamins, nitrogen, calcium, sulfur, kelp, enzymes, humates, organic acids

BENEFITS

- High management operations can significantly reduce total amount of Nitrogen applied
- Revives soil microbiology
- Improves Nitrogen efficiency
- Invigorates azotobactor bacteria (natural Nitrogen fixing bacteria)
- Stabilizes Nitrogen for a longer release period

POWER PRO N

7-0-0 | S-8 | Ca-3

Commercial Liquid Fertilizer

BULK

GUARANTEED ANALYSIS:

Total Nitrogen (N) 7%

 3.61% Ammoniacal Nitrogen

 3.39% Nitrate Nitrogen

Calcium (Ca)3%

Sulfur (S)..... 8%

Derived from Calcium Nitrate, Ammonium Nitrate, and Ammonium Thiosulfate.

DENSITY: 11.5 pounds per gallon at 68° F

Precautions should be taken to prevent eye contact and minimize skin contact.

Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

Wear protective gloves and eye protection. Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Handle this product properly. To assure optimum quality and performance: use clean, dry and well-maintained equipment.

CAUTION: To avoid the formation of insoluble precipitates, do not mix with phosphate or sulfate containing materials.

There are no implied warranties of merchantability or fitness with respect to these products, nor are there any expressed warranties other than as may be contained in any guaranteed analysis that may accompany the product. Buyer assumes all risk to person and property in the use, handling or storage of the product. Seller's liability is limited to the full amount of the purchase price, with the waiver of any incidental or consequential damages being an expressed provision of this sale.
